EXTENSION

# Workshop Descriptions

Participants will choose two workshops in the morning and two workshops in the afternoon!

## Photography Safari

**Patti Suler**

### Northwest Houston Photo Club

Patti and the Safari Guides will take you on a field experience for a real life photography outing. Youth will learn the basics of composition and what makes an interesting photo. They will work with the photographers on a scavenger hunt of interesting subject matter. The safari review conducted at the end of the day will offer participants opportunities for feedback on their best shots. Bring your cameras and a media card.

## Wanderlust for Travel Photography

**Wayne R. Wendel**

### Bridgeland Photography Club

Wayne will take you on his unique adventures and share the rules of thumb for travel photography. His presentation will include basic elements of photography, equipment, and composition to telling the story of your trip through pictures. This will be an adventure you will not want to miss. Bring your camera and wanderlust for traveling.

## Wizard of Macro

**William Banik**

### Houston Photographic Society

William plans to get participants so close to insects that the details will be awesome. He shares all the techniques for adapting equipment to capture amazing creatures. Participants will learn the secrets of getting close up and personal with the subject. "The Wizard" will pull the curtain on the technology that makes it all happen

## Wicked Photography!

**Paul Batchelder**

### Northwest Houston Photo Club

"Wicked Photography" challenges participants to capture sensational images using low light, night and other dark specialties. Join Paul Batchelder to explore easy and creative ways to shoot stunning photos. This interactive program includes: Low Light - Night Shooting, Black and White, Stop Action, Aerial Photography, Zoom Blur, and Fireworks. Bring your camera.

## Painting with Light

**George R. Phile**

### Houston Photographic Society

George will create magic with light and guide participants to explore the techniques for painting with light. Participants will need to know how to do a time exposure on their camera and bring a tripod. This will be close up work in a dark room using flashlights, cameras, tripods and your imagination!

## Nature Seekers

**Cletus D. Lee**

### Houston Camera Club

Nature Seekers will explore the unique beginnings to a new perspective on nature photography and take you on a journey to perfect your hunting skills. This session will cover all the basics from equipment to shutter speed and seeking out the right subject. Cletus will provide a short field experience filled with nature observation and still life set up. Bring your camera and adventurous spirit.
