

# 4-H Shooting Sports Informational

Are you interested in the 4-H Shooting Sports program and not sure how and where to get involved? The 4-H shooting sports project gives a comprehensive introduction to shooting safety and the fundamentals of archery, hunting, muzzle loading, pistol, rifle and shotgun. The project includes an introduction to a wide array of shooting games, and wildlife ecology and behavior; a strong youth development approach based upon long-term mentorship and low youth/adult ratios; and family involvement activities and programs for youth of all ages and socio-economic backgrounds.

An informational meeting to explore community interest will be held at the Travis County Extension Office, 1600-B Smith Road, Austin on **Thursday, May 7, 2015** at **6:30 PM**. Topics of discussion will include club management, youth interest in project areas, 4-H participation, and etc.

**For further information, please contact:**
