Contest Procedures

CONTEST COMPONENTS

There are three (3) components to the Leaders 4 Life Skillathon for both the Junior/Intermediate Age Division and the Senior Age Division. The contest components are listed below.

Age Division	Contest Components		
Senior	Parliamentary Procedure Demonstration	Question & Answer Session	Service Learning Interpretation Portion Includes interview questions
Junior/Intermediate	Parliamentary Procedure Demonstration	Question & Answer Session	Promotional Piece

PARLIAMENTARY PROCEDURE DEMONSTRATION PROCEDURES

- Each team will consist of four (4) to six (6) members, including at a minimum the president, vice president, secretary, and treasurer. Up to two additional team members can be in any position—such as reporter or recreation leader—or just as members of the club. Officer positions are determined by the team in advance.
- The teams will present a simulated 4-H meeting no longer than the specified time for their age division. Five points will be deducted from the average score for every minute over the time limit. That is, if a senior age division meeting goes over 20 minutes, the team will receive a 5-point deduction; over 21 minutes a 10-point deduction, over 22 minutes a 15-point deduction, and so on. The deductions will be handled in tabulation. The timekeeper will keep track of the length of presentations and provide the information for tabulation.

Age Division	Parliamentary Procedure Demonstration Time Limit
Senior	20 minutes
Junior/Intermediate	15 minutes

- Two examples of problems are provided to help teams prepare.
- The teams will be given problems to incorporate into the demonstration (see samples include in this letter). A skeleton agenda will also be provided at the event. The teams must demonstrate all actions on the score sheet (required motions). They must incorporate the required motions into their demonstration, even if they are not listed in the contest problem. The additional problems may incorporate any of the motions listed below for the respective age division.

Age Division	Number Of Problems To Incorporate Into Demonstration	Required Motions To Incorporate Into Demonstration	The Problems May Incorporate Any Of These Motions:
Senior	3 problems	Main motion Amend a motion Division of the assembly Lay on the table Take from the table Withdraw a motion	Put a motion before the assembly (main motion) Lay on the table Amend a motion Division of the assembly Take from the table Withdraw a motion Division of a question Refer a motion to a committee Rise to a point of order Appeal the decision of the chair Previous question Rescind a motion Reconsider a motion Postpone a motion definitely Postpone a motion indefinitely Object to the consideration of the question
Junior/ Intermediate	1 problem	Main motion Amend a motion	Division of the assembly Lay on the table Take from the table Withdraw a motion

- Each team must provide its own minutes, treasurer's report, letter of communication, and committee report. Prepared scripts are not allowed. Contest officials will check these materials before the team enters the planning room and collect them at the end of its presentation.
- Before the demonstration, each team will have 15 minutes to discuss the order of business and the problems of new business with fellow teammates in the planning room. No coaches, parents, agents, or other 4-H members not part of the team will be allowed in the planning room. Contestants may make notes on their agendas during the planning time.
- Use of the gavel: The gavel is a symbol of authority. It is used by the president to maintain order and keep the meeting running smoothly. To use the gavel properly, the president should stand squarely and firmly on both feet, grasp the handle of the gavel firmly, and rap the table or gavel block authoritatively, with well-spaced taps. The gavel is used to:
 - Call the meeting to order—two taps
 - Tell members to be seated—one tap
 - Ask all members to rise—three taps
 - Maintain order—several taps
 - Follow the announcement of the result of a vote—one tap (this is a special rule for 4-H and supersedes the rules in Robert's Rules of Order)
 - Adjourn or recess the meeting—one tap (if desired)
- The maximum number of points for this section of the contest is 100 points.

QUESTION & ANSWER SESSION ON PARLIAMENTARY PROCEDURE CONTEST PROCEDURES

4-H DUDS TO DAZZLE

RULES OF PLAY

1. **Check-in.** Teams will report to the designated location for check-in.
2. **Orientation.** An orientation will be provided for all participants.
3. **Stations.** Each team will be directed to a construction station. There will be collections of materials at each station, but no pattern. The materials must be used to represent a constructed item from one of the following categories: Wearable, Accessory/Jewelry, or Non-wearable.
4. **Resources and Instructions.** A textile, resources, and any necessary additional instructions will be located at each station to assist the team.
5. **Time.** Each team will have 60 minutes to construct an item, plan a presentation, and clean up the construction area.
6. **Participants only.** Only participants and contest officials will be allowed in construction areas.
7. **Equipment.** Teams that may experience any equipment malfunction(s) may not replace the equipment with supplies from another team, leaders, volunteers, county Extension agents, or contest officials. Instead, team members must work together and be creative in completing construction without the malfunctioning equipment.
8. **Construction:** Each team will be provided with a textile reflective of the assigned category and will create a garment/item using it. Each category may be provided the same textile, or each may receive a separate original item. *Clarification: at contest, all teams competing in Wearable may receive a men's button-down dress shirt; each team competing in Accessory/Jewelry get 5 silk neck ties; and the teams entered in the Non-wearable category are given table runners. Or, every team competing in Duds to Dazzle is provided with an adult-sized t-shirt to refurbish. The choice is at the discretion of the contest officials.*
9. **Design and Development.** Teams are challenged with being creative in developing an original product with the materials provided.
 - a. Teams must incorporate each material into the product. However, teams may determine the exact amount of each material to use. The final product must be comprised of a minimum of 50% of the initial material(s). *Clarification: if the category is Accessory/Jewelry, and the team is provided a cloth shower curtain as the original item to be refurbished, they do not have to use 50% of the shower curtain. If you choose to make a purse from the shower curtain, you do not need to use 50% of the shower curtain; however, a minimum of 50% of the finished purse must be comprised of the curtain.*
 - b. Teams will have access to a "closet" of additional materials that may be incorporated into their products. The number of additional materials a team may get will be determined by contest officials and announced during participant orientation.
 - c. The sketch book, note cards, and the Duds to Dazzle Clothing & Textile Competition Worksheet may be used to prepare for construction of the item and the team's

presentation. Teams should be exact on materials utilized, construction steps, techniques used, etc.

10. **Presentation:** When time is called, each team will present their item, according to the criteria on the score card, to a panel of at least two judges. A team can display the final product to the judges as they choose: model, hold, or place on the table.
 - a. All team members must participate in the presentation, with at least three of them having a speaking role.
 - b. Judging time will include:
 - i. 5 minutes for the presentation
 - ii. 3 minutes for judges' questions
 - iii. 4 minutes between team presentations for judges to score and write comments
 - c. Teams are allowed the use of note cards during the presentation but should not read from them, as this minimizes the effectiveness of their communication.
 - d. Judges may ask teams questions that are not directly related to the particular item constructed during the contest. Instead, some questions may address the general knowledge gained through the 4-H members' clothing and textiles project learning experiences.
 - e. No talking or writing is allowed among any team members while waiting to give the team presentation. Team members caught talking and/or writing will receive a warning. The second time, the team will be disqualified and asked to leave the contest facility. Team members should not have pens or pencils in their possession while waiting to give their presentation.
11. **Clean-up:** Teams must clean up their construction areas. Clean-up time is included in the 60-minute construction allotment. Only "hot" items will be allowed to remain in the construction area, such as an iron or hot glue gun.
12. **Rankings.** Placing will be based on rankings of teams by judges. Judges' results are final.
13. **Awards Program.** An awards program will be held at the conclusion of the judging process.

Please review these categories carefully and work with youth to select a project that fits one of these!

Examples are band, pep squad and cheerleader uniforms; athletic garments such as jogging suits, swim suits, leotards and ski-wear; sleep wear; and theatrical and circus-type costumes such as clown suits and ballet costumes. - **Construction:**

- **Every Day Living** – Includes casual sportswear, weekend-wear, sleepwear, clothing for school, casual after-school events, or hanging out with friends.
- **ReFashion** – The result of modifying existing clothing or fabric item (such as table cloth or curtain) into something more fashionable. The main purpose of ReFashion is creativity, as well as sewing skills. The member designs and sews a wearable garment from previously used garments or fabric item. The completed garment is different from its original use, not just an alteration. (Examples: neck ties sewn together to form a skirt, or taking old t-shirts and making them into a skirt)
- **Semi-Formal to Formal** – Entry must be designed for semi-formal to formal occasions and made from fabrics intended for the same. Original material must be fabric and not from recycled items.

- **Theatre/Costume** – Garment intended for use as a costume, which would include stage production. May be sewn from fabric or from another garment. These garments may be unusual or innovative materials; imaginative but wearable.
- **Buying:**
 - **Business/Interview Attire** – Entry should be an outfit you would wear for a job interview, scholarship interview, job fair, other professional event.
 - Professional – This is more traditional, conservative approach (e.g., business suit or blazer, tie and dress slacks for men; business suit, pantsuit, or jacket and dress for women) and may vary by employer or industry
 - Business Casual – This trend is more relaxed and comfortable but demonstrates good judgment in choices and displays a neat appearance (e.g., polo shirt, shirt with a collar or sweater, khakis or other slacks, dress or casual leather shoes for men and women; moderate length dress or skirt for women)
 - **Fantastic Fashion under \$25** – This category is designed to expand the 4-H member's shopping experience to include different shopping venues. Outfits must be purchased at a garage sale, consignment store, Goodwill, Salvation Army, or other retail business. Receipts are required for everything that is visible during the interview, except shoes. Receipts for garage sales can be hand written. This includes jewelry and accessories. Do not need to account for sales tax.
 - **Semi-Formal to Formal** – Entry must be designed for semi-formal to formal occasions and made from fabrics intended for the same. This includes men's suits and tuxedos and women's dressy dresses, formal gowns, wedding dresses, and bridesmaid dresses.
 - **Special Interest** – Entry should be a specific outfit that you NEED to know how to purchase wisely. Entry should be something that reflects a special interest of the participant, such as equestrian clothing and riding apparel, dance costumes, hiking clothing, or rock climbing clothing.

Fashion Storyboard

- **2018 Design Brief: Fashion Design to the Rescue**

DIVISIONS: There will be four divisions. Division is determined by the 4-Hers grade as of August 31, 2017.

- Junior – 3rd-5th Grade
- Junior Intermediate – 6th-7th Grade
- Intermediate – 8th Grade
- Senior – 9th-12th Grade

TEAM/

INDIVIDUAL: Counties may enter as many teams as they wish in each age division. Junior, Junior Intermediate, Intermediate and Senior age divisions may enter up to two (2) individuals in the contest and individuals will be eligible for high point individual awards.

CONTEST

SCHEDULE: A shooting schedule will be sent to counties after registration has closed and all entries have been compiled.

EQUIPMENT/

MATERIALS: Contestants/counties will be required to provide their own firearms and ammunition.

- Any rifle - Rifle must conform to NRA 3.2 rule. Any safe .22 caliber rimfire rifle chambered for .22 Short, .22 Long or .22 Long Rifle cartridges may be used in Smallbore 3-position Rifle competitions. No restriction is placed on barrel length or overall weight of the rifle and accessories. No part of the rifle or any attachment may extend more than three (3) inches (7.62 cm) beyond the rear of the shooter's shoulder. Triggers must not be subject to accidental discharge. The same rifle must be used throughout a match except in the case of malfunction or a disabled rifle. In either event the competitor may change rifles with the permission of the range officer.
- Ammunition - At least 100 rounds per contestant for sighting and scoring. Only standard or high velocity .22 rimfire ammunition commercially catalogued as .22 Short, .22 Long or .22 Long Rifle ammunition with an overall length of not more than 1.1 inches, a lead or alloy bullet no larger than .23 inches in diameter and a weight of no more than 40 grains may be used. (Match, target or standard velocity ammunition will give the best accuracy and precision in most firearms.) No hollow points are allowed.

Eye and Ear Protection – Required for everyone on the range including competitors, coaches and range officer.

Rifle rests - Seniors and Intermediates are recommended to use rifle rests between firing in the standing position.

TARGETS: Orion targets will be used for all Senior, Intermediate, Junior Intermediate, and Junior competitors.

Targets will be provided for each team member, for each firing position. You do not need to bring targets.

Targets will be coded and distributed to the coach at the registration held immediately prior to the start of the contest.

NOTE: If a Top Gun contest is held following the District Rifle Contest, the sponsoring organization/county/club must provide all targets, awards, etc.

SCORING:

Scoring will be done by the Orion Electronic Scoring system. Team scores will consist of the three highest scores in each position (dropping the lowest score per position per 4 person team). Any cross-over shots, excessive shots or sighting shots out of sighting bulls, etc. must be verified and initialed by the range officer before the target is removed from the backstop. Once removed from the

backstop, special consideration will not be given. It is the responsibility of the coach to verify these irregularities and bring them to the attention of the range officer at the time of occurrence and to have the range officer make a notation on the target before it is removed from the backstop. Also, contrary to State Rifle Contest Rules which enforces NRA Rule 9.8B, stating basically “participants will go for the record shots once a sighter is out of the sighter ring”, the District will not enforce the rule but coaches must report sighters out of the ring to the range officer. **The decision on scoring challenges will accomplished using the “protest” feature in the Orion system, not using a plug as stated in NRA rule 10.10.6.1.**

AWARDS: Awards will be presented after scores have been tabulated following the contest.

LIABILITY FORM: A liability form will be required for every participant. It must be completed and signed by both the contestant and the parents prior to participation. **This form must be received in the District Office by March 23, 2018.**

RANGE OFFICER: The range officer will run the range, monitor safety and conduct, verify targets and assist shooters as necessary. The range officer will make note of cross-over shots, excessive shots, sighting shots out of sighting bull or other irregularities at the time they occur and make notations on targets to facilitate the scoring process. The range officer will receive protests and make a decision on whether or not to uphold the protest. He may choose to consult with the head scorer to pass judgment on a protest concerning scoring.

SAFETY: All firearms, whether being carried, at rest in vehicles near the range, or at rest, will be unloaded and will have bolts open except when on firing line in the process of firing. All firearms are required to have “open bolt indicators” (OBI’s) until called to firing point and preparation time, when a match is completed and when cease fire is called. All rifles will remain in a case or appropriate rifle stand at all times until the participants are instructed by the range officer to take them to the firing line. A total of four coaches will be allowed on the firing line with each four-member team. **A safety committee consisting of one person per participating county will be appointed by the safety committee chairpersons prior to the contest, with three persons on duty at any one time.** It will be the responsibility of these persons to monitor the safe conduct and handling of firearms of all persons present in and around the contest location and to either immediately correct the situation or report the infraction to the range officer.

CONDUCT: Violation of accepted rules of safety and conduct on the range will, at the discretion of the range officer, disqualify a contestant, or in the case of a coach, result in the removal of the coach from the firing line.

DISTRICT RULES:

The following rules have been set by the District Shooting Sports Committee:

- 1) Coaches will be responsible for safety of equipment (e.g., Trigger pull); however, the selected range officer will have the authority to deem something unsafe and make corrections at time of the contest.
- 2) NRA rules will be followed except as noted. State rules apply at District Contest.
- 3) Adequate and appropriate eye and ear protection is required for all persons on the firing line during live firing at all 4-H shooting sports events and activities at all levels (state, district, county and club) with the following exceptions.
- 4) Individuals will register themselves for this event. ***If families are required to pay the registration fee on 4-H Connect, they may only use a credit card or debit card. No personal checks may be sent to the Texas 4-H Foundation for payment. If counties are paying for all contestants, they may send ONE COUNTY Check for all participants and it must be in the Foundation Office BEFORE the contest! Checks are to be made out to Texas 4-H Foundation.***
- 5) There will be a charge of \$1.00 per challenge of target scoring. Juniors, Junior Intermediates, and Intermediates will be allowed to have a coach present during the challenge. Senior shooters must challenge by themselves.
